-m/v Caribbean Mercy

In Memory of....

1994 to 2006, the 265-foot Caribbean Mercy focused on the Caribbean basin and South and Central America. Her international crew of 120 volunteers gave spiritual and physical assistance to the poor and needy. The ship was outfitted with a surgical eye unit allowing her to perform hundred of orthopedic, maxillofacial, cataract and strabismus surgeries on board. Additional projects included mobile medical and dental clinics, well-drilling, and relief and development projects.

We will all miss her.....
